## CSWC Operational Period Summary

### 1800 October 10 2018 to 0600 October 11 2018

In 1969, Emerald Bay was recognized as a National Natural Landmark by the U.S. Department of the Interior. California State Parks included the surrounding water of the bay as a part of the park, making Emerald Bay one of the first underwater parks of its type in the state. South Lake Tahoe, El Dorado County.

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

- Two low pressure troughs passing over Northern California from N to S in northerly flow today. Light showers may develop near Lake Tahoe.
- Offshore high pressure will dominate our weather from Friday into next week.
- N-NE/Offshore winds expected during nights and mornings from today through middle of next week from W Cascade-Sierra slopes-coast. Strongest morning gusts 30-35 mph Friday-Sunday and strongest afternoon gusts 20-30 mph today-Sunday.
- Windy areas will see min p.m. relative humidity (RH) 8-18% and overnight recovery to 20-40% tonight through early Monday.
- Afternoon high temperatures near normal today then 3-7 degrees above normal Friday-Wednesday.

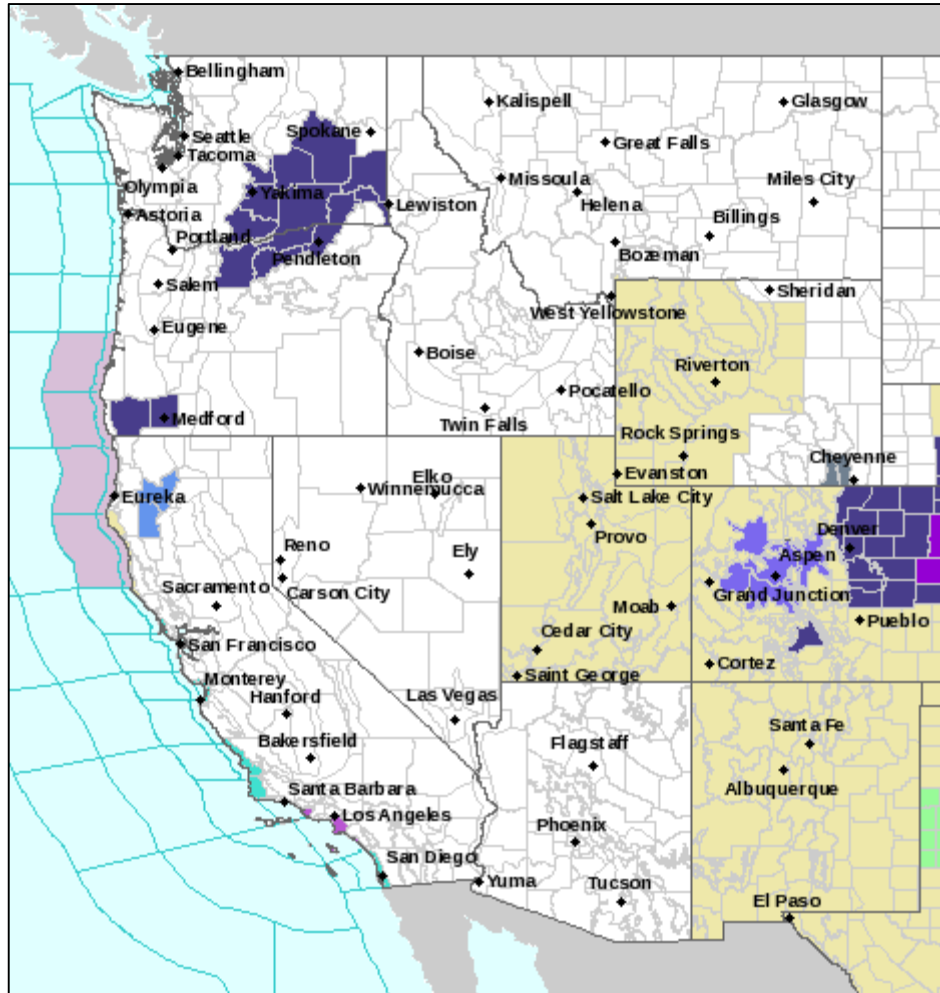

## **SOUTHERN CALIFORNIA**

A trough to the east of the state will continue to steer weak troughs into the area, resulting in cool, onshore flow today. A brief period of weak offshore flow will be possible tomorrow, but RH will remain quite high. A handful of showers will be possible Saturday in the desert and adjacent mountain areas. Warmer weather with weak offshore flow will be possible Sunday night and Monday.

- Temperatures today remaining in the 60s in the mountains to the upper 70s in the valleys. Expect highs to warm back into the 80s in the valleys tomorrow through the weekend. Temperatures may approach 90 in the warmest valleys Monday.
- Southwest winds of 15-25 mph with gusts to 40 mph will be possible in/near the desert today.
- Isolated showers will be possible over the Sierra this afternoon. Widespread drizzle will occur over Southern California this morning with only limited afternoon clearing expected.
- Offshore winds of 15-25 mph will be possible tomorrow, first in the mountains of Southern California with winds possibly reaching the valleys during the afternoon. Winds should decrease tomorrow night. Another similar period of offshore winds will be possible Sunday night into Monday.
- One or two showers will be possible in the desert Saturday which may drift eastward into the Southern California Mountains Saturday afternoon.
